

Mr. Atencio,

I am doing well, just recovering from power outage due to Hurricane Laura. I contacted Dr. Ensley, the current Department Head of the Department of Curriculum and Instruction. She informed me that you can complete the MAT Program. You will need to reapply for admission to the School of Graduate Studies and register for the EDPT 541: Seminar Novice Educator Support and EDPT 552: Educational Practicum/Residency I. You will need to complete the full year of Residency and since the program is now 100% online; the course instructor will be observing you via zoom or skype. It is imperative that the individual who will serve as the mentor teacher in your district meet the qualifications to serve as a mentor to new teachers. I will need to know the individual's name and contact information. Please contact me if you have additional questions or concerns.

E. Foster
